Representation and collaboration with leading international brands in various air conditioning fields.

App to control air conditioners remotely

MY TADIRAN

The new way to control the weather

There are apps for controlling the air conditioner and then there's My Tadiran!

- After two years of internal development led by Tadiran's digital team, we are bringing good news to the air conditioning market:
- From now every Tadiran air conditioner becomes a smart air conditioner using MY TADIRAN
- \rightarrow Controlling the air conditioner turning off, turning on, selecting temperature
- → Easy-to-operate timers
- \rightarrow Built-in Shabbat clock
- \rightarrow Save power by automatically shutting down when you're away from home
- \rightarrow Custom buttons for quick actions
- ightarrow Identifying the air conditioner and connecting it to the app using AI
- \rightarrow Premium online service dedicated to the app's customers 24/7

Management of complex projects

Advanced supply chain for thousands

Planning and engineering of energy storage solutions

Leading service

Management and software systems

Leading international energy brands

Fields of **expertise**

Energy Storage

Segments: Residential, Commercial, and Solar Fields

Solar Systems

Import, sale, and distribution of solar systems: panels, inverters and mounting systems

Electric Vehicle Charging

DC+AC charging stations | Mobile charging robot

UPS Systems

Systems to provide critical backup

Aluminium Profiles

Manufacture and painting of aluminum profiles for the construction of solar systems and for industry

Building Cladding

Comprehensive engineering solution for building skin solutions

Passive Fire Protection

Products for protecting from fire

Tadiran Solar

Expertise:

Import, design, distribution, and sale of products for assembling photovoltaic (PV) systems that enable direct conversion of solar energy into electricity.

Products:

Solar systems: Solar panels, aluminum mounting systems, current inverters and optimizers and storage systems.

Tadiran Energy Solutions

Expertise:

Design, import, and distribution

of energy storage systems for segments:

- Home, commercial, and solar fields.
- Many years of expertise in UPS systems for data centers
- 24/7 service.
- Charging solutions for electric vehicles.

Products:

Energy storage, vehicle charging stations, and UPS systems.

Tadiran **Aluminum**

Expertise:

Manufacturing and painting of aluminum profiles for the industrial sector. Specializing in profiles for the construction of solar systems. Painting of aluminum profiles.

Products: Aluminum profiles.

- Factory & paint shop area approximately 10,000 m2
- Manufacturing capacity approximately 700 tons per month
- Green factory: The manufacturing process uses natural gas
- Innovation: Automated manufacturing process.

Tadiran Arava

Expertise:

A comprehensive solution for building enclosure construction. Design, engineering, procurement, and installation of various dry-hanging systems. The cladding is primarily performed using various high-durability component materials, unique curtain wall systems, and BIPV (building-integrated photovoltaics).

BIPV – Building Integrated Solar Panels. It should be noted that this is a field of activity that is in its infancy in Israel and as of this date, Tadiran Arava has no existing activity that uses BIPV. The above information regarding the Company's estimates regarding the Company's estimates as of this date, Tadiran Arava has no existing activity that uses BIPV. The above information as defined in the Securities Law, 5728-1968 and is based on the information available to the Company's estimates as of this date, which are based on the company's estimates as of this date, which are based on the company's estimates as of this date, which are based on the company's estimates as of this date, which are based on the company's estimates as of this date, which are based on the company's estimates as of this date, which are based on the company's estimates as of this date, which are based on the company's estimates as of this date, the realization of the company's estimates as detailed babove, among other things, the effects of the "Iron Swords" War, the manner and timing of the advancement of regulatory procedures by the various entities in Israel and around the world that may affect, among other things, the scope of demand in the energy sector's energy demand. The development of the BIPV sector in Israel and in the Arava in particular, including, among other things, the value of demand in this sector, the efficiency of BIPV, regulatory provisions that may develop in the future, and as a result of the realization of any of the risk factors detailed in Sector 38 of the Periodic Report for S204.

Fire protection and ventilation solutions

Factory expertise:

Development, manufacture, installation, and distribution of passive fire protection products, smoke management, and related products for air ducts – with Israeli, European, and American standards.

Products:

Fire and smoke racks, silencers, fire and smoke curtains, ceramic sheets, and related products for air conditioning and ventilation ducts.

Distributor in Europe:

VP SOLAR was founded in 1999 in Italy Today, it is among the leading distributors in Italy.

Expertise:

- Design, import, distribution, and trade of energy solutions for the private and industrial market.
- Photovoltaic systems for renewable energy and energy storage.

Products:

Solar panels, inverters, energy storage systems, construction systems, heat pumps, and electric vehicle charging stations.
